BRIGHTER DAYS!

Begin to Dawn on Johnstown, But There are Many Sad Hearts and Weeping Eyes.

JOHNSTOWN, Pa., June 11.—Another twenty-four hours have passed, and after a trip over the entire flooded district, it is apparent that a vast amount of work has been accomplished. Places that appeared to be insurmountable are gradually fading away before the energetic work which is being done. Gangs of men will commence on a block of debris, work in opposite directions, and more wagons having been secured, the debris is rapidly disappearing.

Owners of houses have commenced clearing out their own residences in Johnstown and when they request, as they frequently do, the foreman of a gang to allow his men to help, they are never refused. Store-keepers are also commencing to take their goods from the wreck to the creek to clean them to see what they can recover from the effects of the flood.

Of course, there are many sad hearts and weeping eyes in families as they find articles that in their happy homes, before the flood, belonged to loved ones, but with brave hearts they are smothering their intense grief and have apparently resolved that Johnstown shall be herself again, and the prediction is now being freely made that by the first day of July the city will present a very active appearance.

Houses that have not been damaged very much are already being repaired, and as a consequence there is much better feeling prevailing all around, now that the solid sense of this community is coming to the front.

Rev. Beal states, relative to discontinuing all of the morgues but one, that the committee had thought to doing so, but the squads of men carrying the dead bodies object to carrying them so far, saying they cannot possibly do it, as the stench is becoming very bad. We therefore have concluded to have the morgues at the Presbyterian church, the First ward school building and the Fourth ward school building continued. The time is almost here that they will all have to be discontinued as the bodies are getting in such condition that as soon as they are found, we can only take their trinkets from them and what is in their pockets to be preserved for their friends.

At 9 o'clock, last night, twenty-six huge

BONFIRES LIGHTED UP

the valley and mountain sides for miles around. The piles of wreckage removed from the debris during the day was thus disposed of, making a grand sight.

The horrors continue, and there seems no end. Ever since the water receded into its channel, fathers, mothers, sisters, and brothers

SEEKING THEIR DEAD

have wandered up and down amid the ruins. To-day is no different in this respect from yesterday. At each cry, "They have found another," these heart-broken searchers hasten forward and anxiously gaze upon the features of the dead.

Every now and then is heard a wail of distress, sometimes rising almost to the pitch of a scream and again nothing but a sob is heard, as a friend or relative is recognized.

POOR, POOR JENNIE.

Last evening the body of pretty little Jennie Given, aged fifteen, was discovered. A charge of dynamite loosened the yarn of drift, disclosing four bodies. Under the floor of a wrecked building, pinned down by the heavy sills laying across her face and limbs, lay the body, crushed almost beyond semblace to humanity. A man elbowing his way through the crowd, stood gazing at the mud-covered corpse. His anguish-stricken countenance proclaimed him a relative, even though he did not speak.

As he turned away, after the body was removed, he was asked if he recognized her. His look was as if he could not understand, and his only response was "poor, poor Jennie." A department for identification of valuables was established on Main street this morning, with Rev. Mr. Baer in charge.

A LIGHT HAUL.

Thieves Break Into the Meat Market of Yobst Brothers.

Yesterday afternoon the Yobst Brothers closed their meat market at 232 Calhoun street, to attend a picnic a little while. During their absence thieves broke open the back door and stole from the money drawer a little over three dollars in small change. They then attempted to break open the safe but were unsuccessful. They left the place, carrying with their boodle several hams.

CHICAGO DISCOVERS

A Scheme to Rob Her City and County Out of $250,000.

CHICAGO, June 11.—The *Morning News* is in possession of almost complete details of a conspiracy to rob the city and county out of more than $250,000 in taxes. It is to be done through the assessor's office of the west and south side. Were the present states attorney efficient or "aggressively honest," the matter would certainly have been put in his hands. The robbers could have been trapped and sent to the penitentiary. As it is, the matter will be referred to the citizen's association and to the assessors of Westtown and Southtown.

Cards are given to trusted confederates, who place them in the hands of more or less honest property holders, with the instruction that if they want their taxes reduced the card is a sure "tip." The more or less honest property holder then sends for "Blank Blank," that he may have his complicated tax matters adjusted. The adjuster comes along and proposes to have the valuation of the property reduced to one half of the valuation for the previous year. For his services he charges one-half of the tax reduction.

In short, if the taxes were $1,000 and were reduced to $500, the adjuster would expect to get $250. The reduction is an easy matter. One of the conspirators, who is a trusted employe of the assessor's office, has at all times access to the blotters or pads upon which the assessments are entered and exposed to the public for inspection and correction.

Erasures and corrections, honestly made, are of frequent occurrence. Hence the erasures of the conspirators would not be noticed and in ten minutes one disposed might make more changes to defraud the city and county of hundreds of thousands of dollars.

Hon. Patrick Horn Dying.

Advices from Huntertown last night were that Hon. Patrick Horn was lying very low and if a change does not come soon he cannot live.

Mr. Danford Parker was in the city this afternoon, and stated that Mr. Horn was still alive but thought he would not survive until he returned.

4 p. m—A telegram just received from Huntertown states that Mr. Horn is still alive.

ANOTHER ICE MAN!

Arrested in the Cronin Murder—Two New Yorkers Who Know all About the Case.

CHICAGO, June 11.—Another "ice man" has been arrested by the police on suspicion of knowing something of the Cronin murder. The man lives on the south side and is an ex-employe of McGinnis, the ice dealer, with whom he enjoyed a good position. His wife, as the result of a quarrel, has reported very important information to the police and detectives were scouring all the divisions of the city for the man last night. The arrest was ordered to be carried out with the greatest secrecy. The police say that the arrest of the "ice man" is almost as important as that of Sullivan, the other "ice man now under indictment, although they say they expect to make nothing more of the new suspect than a witness. At 11:30 last night a man was locked up at the East Chicago avenue station, whose name was said to be King. He is wanted in the Cronin case, but in what connection could not be ascertained. Chief Hubbard denied that King was the name of the ice man whose arrest was ordered. He said the ice man was an Irishman, but his name had slipped his mind. By some it is said King is Woodruff's famous companion and that his identity is well established.

A startling bit of information which proves conclusively that P. O. Sullivan, the Lake View ice man, was an active member of the murderous conspiracy, leaked out last night. It seems that Sullivan not only allowed the men who rented the Carlson cottage to use his name as their employer, but that he vouched for them to old Mrs. Carlson and her husband. According to the testimony of the Carlsons to-day Sullivan had frequent communications with the occupants of the cottage and was on the friendliest terms with the men from the time they moved in until they disappeared. It is claimed, also, that the police have positive proof that Sullivan not only bought the paint with which the blood stains on the parlor floor of the cottage were obliterated, but that he used some of the mixture to paint the hall of his own cottage.

TWO NEW YORKERS.

Marony and McDonnell, of New York, are wanted in the Cronin case. One of these men is a blacksmith, and the other is engaged in some trade in New York city. They are supposed to know all about the Cronin murder, and will be brought here for examination.

THE ARRESTS MADE.

Inspector Byrne's detectives to-day arrested John Marony, aged thirty-eight, who claims to be in the dry goods business, and Charles McDonnell, same age, who is a blacksmith. These men were arrested on information sent to Inspector Byrnes by the Chicago police, and supposed to be implicated in the Cronin murder.

Marony was formerly a division member of the Clan na-Gael in Philadelphia. He is said to have become obnoxious there and had to leave. He is understood to have performed missions of a private nature since then for Alexander Sullivan. Marony went to England at the time of the queen's jubilee, with others, supplied with funds to blow up several public buildings. Two of his companions were placed under arrest and it is charged that Marony spent the funds traveling on the continent.

Charles McDonnell is a horse-shoer and has a room at Third avenue and Thirty-eighth street, he has worked here at his trade for two years. He came from Philadelphia about the same time as Marony. Among Clan-na-Gael men he has been a decided partisan of Sullivan and his faction.

SITTING BULL.

The Noted Indian Warrior is Slowly Sinking.

BISMARCK, Dak., June 11.—A courier who arrived here last night from Standing Rock agency, states that Sitting Bull, who has been dangerously ill with pneumonia, is slowly sinking, and no hopes are entertained of his recovery.

Confessed the Murder.

BOSTON, June 11.—Thomas Fortur, one of the gang arrested for the murder last night of Charles F. Gibbs, confessed this morning that he was the one who fired the fatal shot, but claims it was in self-defense.

Iron Works Closed.

ASHLAND, Wis., June 11.—Yesterday the great Iron King mine, at Ironwood, shut down, the result, it is said, of a determination of stockholders at a meeting Saturday.

MAN'S INFIDELITY.

Mrs. H. L. Miner, of Sydney, Ohio, Deserted by Her Husband—A Babe in Arms and Penniless.

Last Sunday evening there arrived from Sydney, Ohio, a couple who registered at the Jewell house, 225 Calhoun street, as "Mr. and Mrs. H. L. Miner, Sydney, Ohio."

Mr. Miner came here ostensibly to secure work, but in reality, to leave his wife in the lurch. Yesterday afternoon, Miner went to his trunk and procured a pair of shears and other tools used by a merchant tailor, and after telling his wife that he was going to the establishment of Joseph M. Clark & Co., where work had been offered him, he hurriedly took his leave. Not returning in the evening, the woman instituted search and found to her sorrow that her husband had not been to the above named place, nor had he ever been seen or heard of Mr. DeHaven, who manages the business. The woman returned to her room a disconsolate being indeed. This morning a postal card was delivered at the Jewell house from the husband, saying: "I cannot live with you any longer. I leave town immediately."

THE SENTINEL was ushered into the presence of the woman this morning, at the Jewell house. She is a young looking and a striking brunette. She tenderly held a baby ten months old in her arms and was a pitable object of man's infidelity to woman.

Mrs. Miner is utterly penniless. She claims her husband ran away from her once before. She has relatives at Wellsville, Mich., but admits that she is not welcome to their shelter, because her marriage was against their wishes. It is not known where Mr. Miner has gone.

DID SHE ELOPE?

Mrs. Frances Webb, of Lima, Ohio, Leaves Her Husband and Comes to this City.

Last evening there accosted Officer Lee, a sallow faced man, small in stature, who immediately got down to business by asserting that his wife had left his bed and board at Lima, Ohio, and was now in this city. He gave his name as Mr. F. Webb. He claimed that he was a hard working man and that his wife's affections had been captured by Lorenzo Curren, a railroad brakeman on the Fort Wayne road, and his suspicions were that she had eloped with him.

Prosecutor Robinson's careful inquiry into the case elicited the information that Lorenzo Curren was a border at the house of the Webbs'. Diligent search failed to reveal his whereabouts. Mrs. Webb, it was learned by THE SENTINEL, had secured rooms from Mr. Charles Doudrich, over Steger's hardware store, on Calhoun street, where a reporter failed to get admittance to-day. To Prosecutor Robinson the woman stoutly denies the accusation that she eloped or intended to elope with Curren, but that she left her husband because he failed to provide for her properly. She intimated that she had been her own support for a long time back and would continue to be. It was learned that her maiden name was Florence Mercer and that she is a daughter of Constable Mercer, of Monroeville, who has been notified of the circumstances.

FIRST OFFICIAL ACT.

Squire Tancey Opens His New Record by Tying a Romantic Nuptial Knot.

Yesterday Mr. Michael Tancey received his commission as justice of the peace and to-day he assumed his duties for the first time. The squire's brusque manner upon ascending his throne was observed by two old persons, who approached timidly and announced to his honor that they wanted to be yoked in double harness by means of the laws of the country.

The squire looked down upon the old couple, whose hairs were streaked with gray, read the marriage service with dignity and pronounced Daniel Dingman and Elizabeth Herring man and wife. The groom felt frisky as a young man when he told THE SENTINEL he was in his sixty-ninth year, and the bride looked shy as a school girl when she admitted she was "goin' on fifty-eight years." May they have peace and joy to the last.

The fruit dealer and suspender peddler, Banda, skipped town last night and to-day Deputy Sheriff Black seized a consignment of strawberries, which were lying in the express office. Evidently Banda is wanted.

SEATTLE WILL RISE!

From the Ruins of the Fire—The Work of Rebuilding to be Pushed Rapidly.

PORTLAND, Ore., June 11.—About $9,700 were collected yesterday for the Seattle and Johnstown sufferers—$5,500 were subscribed for the former and $4,200 for the latter. The chairman of the relief committee here received a dispatch from Judge J. R. Lewis, who has charge of relief matters in Seattle, saying that much destitution prevailed. Thousands are being fed and lodged and hundreds must live in tents for months.

The work of rebuilding is being rapidly pushed. The board of trade held a meeting last night and resolved to raise from $30,000 to $50,000 to relieve the sufferers by the Seattle fire.

UNDER A PIN CUSHION.

A Lady is Struck by Lightning and Instantly Killed.

HOLLYOKE, Mass., June 11.—During yesterday's violent thunder storm Mrs. Anne Quirk, of Elmwood, fled in alarm to a neighbor's, where she stationed herself directly under a large pin cushion, which hung on the wall. In a few moments a flash of lightning struck the pin cushion and passed into the body of Mrs. Quirk, killing her instantly. The deceased was a widow and leaves a daughter.

PORTLAND, Me., June 11.—Yesterday, during a heavy thunder storm here, the electric lights at the police station and elsewhere were burned out by lightning. Mrs. Allen Hansen's two-story house, near Stroudwater, was struck and, together with a barn near by, was burned.

The Weather.

WASHINGTON, June 11—Indiana—Fair, warmer, southerly winds. Rising temperature and fair weather, may be expected during Wednesday and Thursday in the Ohio, the middle and lower Mississippi valley.

LOCAL LINES.

The executive committee of the R. R. Y. M. C. A. had a regular meeting last night.

Mr. Charles Bond, of the Old National bank, left to-day with his wife for Cincinnati on a visit.

The funeral of the nine-months-old daughter of August Lagraw, of Spy Run avenue, occurs to-morrow morning, at 9:30 o'clock, from the Cathedral.

Mr. Hague, of the national committee of the Y. M. C. A., was in the city to-day. He will return Saturday and conduct a union Sunday afternoon service.

Of the four boys arraigned before Squire Ryan for assault and battery on Master Charlie Worden, three were fined, Edward Bolling, Willie Green and Chas. Unger. Master Tom Mills was acquitted.

Mr. Joe Beegan returned to-day to Rock Run, Ala., where he has charge of the business of the Bass furnaces. Mr. Beegan's aged mother is lying dangerously ill in this city, and his wife is constantly at her bedside.

Mr. Robert T. DeWald, of the firm of George DeWald & Co., will, on a near day, lead to altar Miss Mollie Henebery a highly accomplished young lady, of Peoria, Ill. The bans were published at the Cathedral Sunday. THE SENTINEL extends its congratulations in advance, with hosts of others.

IT SEEMS not to be generally known that the Alexander Sullivan who is under a heavy cloud in the Cronin case is the brilliant lawyer, husband of Margaret F. MANY of the Indianapolis barbers believe the law, under which they are now compelled to close their shops on Sunday, works a hardship on them, and they have agreed to give it a thorough test in the courts. With that end in view George L. Knox, proprietor of the Bates house shop, Sunday opened his shop and began shaving the customers who were in waiting. He was arrested and the trial of his case will be made a test one. The barbers claim their work is one of necessity, and hence can be carried on Sunday.

She Discovers That They Sing Differently in City Choirs and Has Her Ambitious Crushed.

One of the young ladies formerly of Maysville, who moved to Fort Wayne, recently got badly snubbed. She went to the young folks' choir for the purpose of mingling with the upper ten, and assist in the practice of singing, which she did so effectually that all ceased to sing but the young bon-ton, who sang the second stanza alone, while the other members sat looking at each other. The young lady found out that they sang instead of screaming in the city. She would like to move back to Maysville.—*Maysville Breeze.*

MONMOUTH NEWS.

JUNE 10, 1889.

To the Editor of THE SENTINEL:

This place is greatly in need of a grist mill.

Marshal Rose is a daisy and his good work should be appreciated.

Albert Miller and John Friedline, of this city, are at Johnstown, Pa.

J. B. Munger is employed by the Maumee Valley Historical company.

THE SENTINEL is the most newsy sheet sent here. It reaches nearly every home.

Frank Wallers is managing a branch store of the C. L. Luce Co., at Fort Wayne.

Fort Stoner is still a resort for the "boys," and the place is assuming a serious aspect.

This place is assuming metropolitan airs since it has the use of a street sprinkler and street lamps.

Trustee S. F. Baker, of Monroe, and John McConnel, of Jackson township, were in Fort Wayne last Saturday.

The I. O. O. F. members have prepared a splendid program for their decoration day, which occurs next Friday.

Nicholas Hoffman is building an elegant dwelling on his farm west of here. May & Colyer, the contractors, do the masonry.

A box of clothing and provisions was sent by express from this place last Saturday, to the relief committee at Johnstown, Pa.

The trustees of the Marquardt chapel purchased the old Second Presbyterian bell and not the Catholic, as intimated by the *Journal.*

The ladies of the Lutheran church of this place held a strawberry festival at Rollins' parlor last Saturday, but on account of the inclemency of the weather little was realized.

A strawberry and ice cream festival will be held at the residence of Jacob Marquardt, west of here, next Saturday evening. The proceed goes to defray the expenses of their new bell.

Deputy United States Marshal T. W. Blair was in town Thursday to investigate into the alleged postoffice No. 2. While here Marshal Blair was shamefully treated by certain parties, but he can make it hot for them.

A lawn festival will be held at the pleasant country home of H. W. Smith on the evening of the 11th inst. The proceeds go toward helping defray the expenses incurred in the construction of a beautiful brick church at Massilon.

Our gunning club is out on the commons about every other day practicing. They intend to do up the Payne boys at that place ere long. Wm. Clem is at present the crack shot, but his rival, Ex-Postmaster Finen is not far behind.

Niezer & Ridenour received at their elevator 124 barrels of flour and four tons of brand from the Decatur mills last Friday. They will exchange and carry on a business similar to that of a grist mill. A set of burrs for meal grinding will also be placed in the elevator.

At the regular meeting of the town board last Monday D. S. Redelsheimer was unanimously elected as a member of the school board, to succeed H. F. Hayes, whose term has expired. The council could not have done a wiser act than to select Mr. Redelsheimer, as he has a pride for our public schools.

The postoffice "tragedy" is about to end and well may the curtains drop. Stewart is proving himself a good officer and with few exceptions is giving satisfaction. The exceptions, of course, come from the friends of the other candidates, but things like this, you know, must follow a great "tragedy." C. C. Myers, the deputy under Mr. Finen, will be retained by Postmaster Stewart.

Some time ago a number of tax payers condemned our fire engine, claiming it to be worthless and that it would be a burden on tax payers, but it turns out that the taxes are lower than on former years and the engine has proved itself, during the burning of the grist mill, to be a "dandy," and just the thing that Monroeville should have had years ago. The engine is a good one and if properly handled will throw a good stream. Now that its work has proved beneficial, steps should be taken to organize a fire company. The town has two large fire cisterns and three more are in course of construction. With a few more cisterns and a good organized fire company Monroeville would be placed in fair protection against further conflagrations.

We have just completed a tour of inspection in the rural district and find the farmers in no happy mood. The crops down there are in a discouraging condition caused by the incessant and heavy rains. Clover, potatoes, and the wheat is in a fair condition with a prospect of a large crop, but the wheat will fall short of the usual yield on account of the small acreage sowed, caused by the draught last fall. The farmers north of here sowed much rye, but they are afraid that it has been somewhat injured by the late frost, as it was just then in bloom. The corn is small and of a jasmine color. The fruit crop, with the exception of the cherry, is a total failure. The meadows are light and pasturage is short, in consequence of which many are herding their stock along the public high ways.

RAYS OF LIGHT.

Don't Get Caught.

This spring with your blood full of impurities, your digestion impaired, your appetite poor, kidneys and liver torpid and whole system liable to be prostrated by disease, but get yourself into good condition, and ready for changing and warmer weather, by taking Hood's Sarsaparilla. It stands unequalled for purifying the blood, giving an appetite and for a general spring medicine.

THE law against selling cigarettes to minors has gone into effect in New York state, and the young lads are now compelled to smoke on the sly.

In Love's Harness.

Most women naturally look forward to matrimony as their proper sphere in life, but they should constantly bear in mind that a fair, rosy face, bright eyes, and a healthy, well developed form, are the best passports to a happy marriage. All those wasting disorders, weaknesses, "dragging down" sensations, and functional irregularities peculiar to their sex, have an unfailing specific in Dr. Pierce's Favorite Prescription. It is the only medicine for women, sold by druggists, *under a positive guarantee* from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle wrapper, and faithfully carried out for many years.

Every man is a hero to the woman who loves him.

Made Like Tea.

Have you been to your druggist for a free sample package of Lane's Family Medicine, which is made as simply as tea? It is a harmless vegetable remedy for your blood, stomach, liver and kidneys, and an easy cure for constipation, discovered by Dr. Silas Lane while in the Rocky Mountains. Don't fail to call to-day at any druggist's for a free sample of this grand family medicine. Large size package 50c.

Imagination is that part of man which magnifies his own troubles and his neighbor's joys.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

Low Rates to California.

Begining June 1, and continuing daily until further notice, the Wabash railway will sell circuit tourists tickets to San Francisco, Los Angeles, and San Diego, Cal., at the amazingly low rate of $100 for the round trip. These tickets will be good for first-class passage, and limited to six months from date of issue. Stop over allowed at pleasure west of the Missouri river. Further information furnished at the Wabash ticket office. 30-tf

Change of Route.

The Wabash railway is about to make a change east of Buffalo, in the operation of its through sleeping cars from St. Louis to New York. The through New York sleeper leaves St. Louis at 6:55 p. m., running over the Wabash road to Toledo, thence over the Michigan Central railroad via Detroit and Niagara Falls to Buffalo. From that point, on and after Sunday, May 12, inst., it will run via the New York Central and Hudson River railroad to the Grand Central station in New York city. The Boston sleeper will continue from Buffalo over the West Shore railroad and Hoosac Tunnel route to Boston, as heretofore. 14 tf

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

TUESDAY'S TALK!

As One Hears it Around the Railroad and Manufacturing Centers of the City.

The Grand Rapids pay car will be in the city Thursday.

The Pennsylvania railroad company earns $56,000,000 a year.

Two repaired engines were sent out of the Pittsburg shops this morning.

The Pittsburg shop excursion has been set down for Saturday, June 29.

Jack McClure, Wabash foreman of the round house at Andrews, was in the city last evening.

Engineer A. J. You, of the Nickel Plate, will soon build a residence on West Main street.

Trainmaster Blair and Surgeon Dinnen, of the Nickel Plate, went to Bellevue, Ohio, to-day.

C. R. Vine, a brakeman on the Nickel Plate, was injured Sunday last while making a coupling.

Fred Tilker, of the Pittsburg baggage rooms, says it is a pretty girl baby and is correspondingly happy.

The Trinity M. E. church took a pleasant excursion party of sixty people to Rome City this morning.

Robert Hovey, of the Lake Shore road, is being congratulated on the advent of a sweet girl baby at his home.

Frank Tyrrell is acting master mechanic of the Wabash shops during the absence of W. S. Morris, who is at Cincinnati.

The national convention of the American train dispatchers will begin its three days' session at Indianapolis tomorrow.

Dr. Gamble, of Altoona, Pa., is in the city, inaugurating the western division of the Pennsylvania company's relief association.

All the shops of the Pennsylvania Railroad company west of Pittsburg commenced yesterday to work but eight hours a day.

J. K. Lyon, civil engineer on the Pittsburg road, has gone to Beaver Falls, Penn., to accept a similar position at that place.

The Pittsburg shops in this city are still working ten hours a day. At many other points the shops of the company are only running eight hours.

Dr. John H. Talbott, of Logansport, has been appointed one of the medical examiners of the Pennsylvania Company's Employes' Relief association.

The English locomotive Dreadnaught, which has been on trial for several weeks on the Pennsylvania railroad, has been pronounced a failure for American roads.

Hon. Anson Wolcott, of Wolcott, has sued the Pan Handle Railroad company for $30,000 damages on alleged failures to furnish cars for the shipment of the products of his large farm.

The family of James Hoyt, the veteran engineer on the Wabash, who was killed last week, has received from the Brotherhood of Locomotive Engineers and the Masonic order $5,500 insurance.

Tom Pritchard, of the Bass works, is the owner of a valuable colt, which made its appearance at his stables last week. It was sired by Nil-dis-Randum and the dam is a celebrated Hambrino star.

The railroad and telegraph companies are pushing their repairs as rapidly as possible into Conemaugh Valley, and as one town after another is reached we learn more and more of the extent of the destruction.

So much cutting of rates is being done by competitors of the Pennsylvania lines through the use of mileage books that the Pennsylvania people have about decided to make a 2 cents a mile rate general all over their system and sell no 1,000 mile tickets.

It was announced yesterday by officials of the Wabash railway that the general offices of that company will be removed from Chicago to St. Louis on July 1. The yards and shops will remain in the town of Lake, where they have been since the road was organized.

A bicycle engine has been tested at Portland, Me., and experts who have seen it indorse the inventor's claim that it will revolutionize railroad travel. It is described as "simply a bicycle running on smooth steel and pushed by steam." From 550 to 600 revolutions or turns, equivalent to 150 miles per hour, are its piston speed and valve action. It is expected to take four cars, each seating eighty-eight passengers, 100 miles per hour, if necessary.

When the flood poured into Milton, Pa., a week ago last night, a Western Union operator, John Wolfinger, telegraphed Superintendent Gill: "The water is coming in the office; what shall I do?" "Get a gum cost and a pair of rubber boots and stay there," was the quick reply. Wolfinger obeyed orders and remained at his post till the flood subsided. That's the kind of a man Manager Perry would have been had he been in charge of that office when the flood came.

THEY WANT ASPHALT.

And the Chances are That They Will Get It.

The street committee of the city council had an important meeting last night to consider the advisibility of paving West Wayne street with asphalt. The meeting was attended by many of the property owners of the street and much interest was manifested. It looks very much as if the street committee will report to-night in favor of asphalt.

The following petition will be presented to the council to-night:

To the Honorable Mayor and Gentlemen of the Common Council, City of Fort Wayne:

GENTLEMEN—We, the undersigned, owners of property fronting on West Wayne street, respectfully petition your honorable body to set the curbing out on said street from 3 to 4 feet from its present location, and to pave said street with asphalt pavement.

You should read THE CHICAGO DAILY NEWS because *everybody likes it*—it will not disappoint your needs. It takes into its purpose the farmer and mechanic, as well as the merchant and professional man. Every farmer can now have daily market reports instead of weekly, and at little more than the old-time price of his weekly. The mechanic can now afford both price and the time for his daily paper. The poor may now be as well informed on current affairs as the rich. Intelligence is within the reach of all. THE CHICAGO DAILY NEWS—independent, non-partisan, fair to all—is everybody's paper.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day.*

Mr. J. D. Bond now offers for sale the block of eighteen lots in Hamilton's fourth addition, located on South Calhoun street, one block south of the Creighton avenue car line. Eight of these lots front on Calhoun street, five on Taber street, and five on Suttenfield street. Sixteen of them are 40x150 feet and two are 37x150 feet.

Upon these lots he offers to build any one of four designs of handsome cottages, that will contain six, seven and eight rooms; two of them have mantle and grate; all will be piped for gas, natural gas, water, perfect system of sewerage, and water closets, and bath-rooms, if desired.

Sidewalks will be built in front of houses and through each yard, and the lots will all be graded, and shade trees planted on the front and rear of the lots, making the entire block a beautiful park.

These places will all be completed in the most perfect manner, including a garden house for tools and utensils and will be ready for occupancy within six months from the time they are sold, many of them before that time.

They will cost, all complete, from $2,750 to $3,550, according to the location of lot selected, and can be paid for by small cash payment down, and the balance in monthly payments of from $25 to $30 per month. A purchaser can pay as much cash as he wishes, and reduce the amount of monthly payments in proportion.

Why pay $15, $20 and $25 a month rent all your life from which you get no return, when with a small additional monthly payment you can in a few years own the property that will have been paid for almost entirely by the rent.

Plans and specifications of the buildings and plat of the lots are now ready and can be seen any day or evening at the office of S. C. Lumbard, No. 3 Aveline house.

An exchange suggests that the various posts of the Grand Army of the Republic appoint a competent historian, who by their aid, and that of others in the community, through contributions of incidents and events, will be able without greater labor to present most interesting sketches of many of the heroic dead whose deeds will be honored next Memorial Day.

Said a prominent coal dealer to THE SENTINEL: "Natural gas will do wood and coal dealers no good. There are at present ten dealers in the city employing between seventy and eighty men. I don't think the market price of coal or wood will be materially affected by the new fuel, but think some of us will have to quit business. I am also of the opinion that it is only a matter of a few years until the high price of natural gas will cause new competing companies to extend their lines here."

BRIGHTER DAYS!

Begin to Dawn on Johnstown, But There are Many Sad Hearts and Weeping Eyes.

JOHNSTOWN, Pa., June 11.—Another twenty-four hours have passed, and after a trip over the entire flooded district, it is apparent that a vast amount of work has been accomplished. Places that appeared to be insurmountable are gradually fading away before the energetic work which is being done. Gangs of men will commence on a block of debris, work in opposite directions, and more wagons having been secured, the debris is rapidly disappearing.

Owners of houses have commenced clearing out their own residences in Johnstown and when they request, as they frequently do, the foreman of a gang to allow his men to help, they are never refused. Store-keepers are also commencing to take their goods from the wreck to the creek to clean them to see what they can recover from the effects of the flood.

Of course, there are many sad hearts and weeping eyes in families as they find articles that in their happy homes, before the flood, belonged to loved ones, but with brave hearts they are smothering their intense grief and have apparently resolved that Johnstown shall be herself again, and the prediction is now being freely made that by the first day of July the city will present a very active appearance.

Houses that have not been damaged very much are already being repaired, and as a consequence there is much better feeling prevailing all around, now that the solid sense of this community is coming to the front.

Rev. Beal states, relative to discontinuing all of the morgues but one, that the committee had thought to doing so, but the squads of men carrying the dead bodies object to carrying them so far, saying they cannot possibly do it, as the stench is becoming very bad. We therefore have concluded to have the morgues at the Presbyterian church, the First ward school building and the Fourth ward school building continued. The time is almost here that they will all have to be discontinued as the bodies are getting in such condition that as soon as they are found, we can only take their trinkets from them and what is in their pockets to be preserved for their friends.

At 9 o'clock, last night, twenty-six huge

BONFIRES IGNITED UP

the valley and mountain sides for miles around. The piles of wreckage removed from the debris during the day was thus disposed of, making a grand sight.

The horrors continue, and there seems no end. Ever since the water receded into its channel, fathers, mothers, sisters, and brothers

SEEKING THEIR DEAD

have wandered up and down amid the ruins. To-day is no different in this respect from yesterday. At each cry, "They have found another," these heart-broken searchers hasten forward and anxiously gaze upon the features of the dead.

Every now and then is heard a wail of distress, sometimes rising almost to the pitch of a scream and again nothing but a sob is heard, as a friend or relative is recognized.

POOR, POOR JENNIE.

Last evening the body of pretty little Jennie Given, aged fifteen, was discovered. A charge of dynamite loosened the yarn of drift, disclosing four bodies. Under the floor of a wrecked building, pinned down by the heavy sills laying across her face and limbs, lay the body, crushed almost beyond semblance to humanity. A man elbowing his way through the crowd, stood gazing at the mud-covered corpse. His anguish-stricken countenance proclaimed him a relative, even though he did not speak.

As he turned away, after the body was removed, he was asked if he recognized her. His look was as if he could not understand, and his only response was "poor, poor Jennie." A department for identification of valuables was established on Main street this morning, with Rev. Mr. Baer in charge.

A LIGHT HAUL.

Thieves Break Into the Meat Market of Yobst Brothers.

Yesterday afternoon the Yobst Brothers closed their meat market at 232 Calhoun street, to attend a picnic a little while. During their absence thieves broke open the back door and stole from the money drawer a little over three dollars in small change. They then attempted to break open the safe but were unsuccessful. They left the place, carrying with their boodle several hams.

CHICAGO DISCOVERS

A Scheme to Rob Her City and County Out of $250,000.

CHICAGO, June 11.—The *Morning News* is in possession of almost complete details of a conspiracy to rob the city and county out of more than $250,000 in taxes. It is to be done through the assessor's office of the west and south side. Were the present states attorney efficient or "aggressively honest," the matter would certainly have been put in his hands. The robbers could have been trapped and sent to the penitentiary. As it is, the matter will be referred to the citizen's association and to the assessors of Westtown and Southtown.

Cards are given to trusted confederates, who place them in the hands of more or less honest property holders, with the instruction that if they want their taxes reduced the card is a sure "tip." The more or less honest property holder then sends for "Blank Blank," that he may have his complicated tax matters adjusted. The adjuster comes along and proposes to have the valuation of the property reduced to one half of the valuation for the previous year. For his services he charges one-half of the tax reduction.

In short, if the taxes were $1,000 and were reduced to $500, the adjuster would expect to get $250. The reduction is an easy matter. One of the conspirators, who is a trusted employe of the assessor's office, has at all times access to the blotters or pads upon which the assessments are entered and exposed to the public for inspection and correction.

Erasures and corrections, honestly made, are of frequent occurrence. Hence the erasures of the conspirators would not be noticed and in ten minutes one disposed might make more changes to defraud the city and county of hundreds of thousands of dollars.

George Loesch gave some medicine to the Johnstown sufferers to-day.

A. Lordier sent a large box of goods to the Johnstown sufferers by the Adams Express to-day.

There will be a meeting of the general executive committee who are raising funds for the Johnstown sufferers, at the Business Men's exchange to-night at 7:30 o'clock.

Hon. Patrick Horn Dying.

Advices from Huntertown last night were that Hon. Patrick Horn was lying very low and if a change does not come soon he cannot live.

Mr. Danford Parker was in the city this afternoon, and stated that Mr. Horn was still alive but thought he would not survive until he returned.

4 p. m.—A telegram just received from Huntertown states that Mr. Horn is still alive.

ANOTHER ICE MAN!

Arrested in the Cronin Murder—Two New Yorkers Who Know all About the Case.

CHICAGO, June 11.—Another "ice man" has been arrested by the police on suspicion of knowing something of the Cronin murder. The man lives on the south side and is an ex-employe of Mr. Ginnis, the ice dealer, with whom he enjoyed a good position. His wife, as the result of a quarrel, has reported very important information to the police and detectives were scouring all the divisions of the city for the man last night. The arrest was ordered to be carried out with the greatest secrecy. The police say that the arrest of the "ice man" is almost as important as that of Sullivan, the other "ice man now under indictment, although they say they expect to make nothing more of the new suspect than a witness. At 11:30 last night a man was locked up at the East Chicago avenue station, whose name was said to be King. He is wanted in the Cronin case, but in what connection could not be ascertained. Chief Hubbard denied that King was the name of the ice man whose arrest was ordered. He said the ice man was an Irishman, but his name had slipped his mind. By some it is said King is Woodruff's famous companion and that his identity is well established.

A startling bit of information which proves conclusively that P. O. Sullivan, the Lake View ice man, was an active member of the murderous conspiracy, leaked out last night. It seems that Sullivan not only allowed the men who rented the Carlson cottage to use his name as their employer, but that he vouched for them to old Mrs. Carlson and her husband. According to the testimony of the Carlsons to-day Sullivan had frequent communications with the occupants of the cottage and was on the friendliest terms with the men from the time they moved in until they disappeared. It is claimed, also, that the police have positive proof that Sullivan not only bought the paint with which the blood stains on the parlor door of the cottage were obliterated, but that he used some of the mixture to paint the hall of his own cottage.

TWO NEW YORKERS.

Maroney and McDonnell, of New York, are wanted in the Cronin case. One of these men is a blacksmith, and the other is engaged in some trade in New York city. They are supposed to know all about the Cronin murder, and will be brought here for examination.

THE ARRESTS MADE.

Inspector Byrne's detectives to-day arrested John Maroney, aged thirty-eight, who claims to be in the dry goods business, and Charles McDonnell, same age, who is a blacksmith. These men were arrested on information sent to Inspector Byrnes by the Chicago police, and supposed to be implicated in the Cronin murder.

Maroney was formerly a division member of the Clan na-Gael in Philadelphia. He is said to have become obnoxious there and had to leave. He is understood to have performed missions of a private nature since then for Alexander Sullivan. Maroney went to England at the time of the queen's jubilee, with others, supplied with funds to blow up several public buildings. Two of his companions were placed under arrest and it is charged that Maroney spent the funds traveling on the continent.

Charles McDonnell is a horse-shoer and has a room at Third avenue and Thirty-eighth street, he has worked here at his trade for two years. He came from Philadelphia about the same time as Maroney. Among Clan-na-Gael men he has been a decided partisan of Sullivan and his faction.

SITTING BULL.

The Noted Indian Warrior is Slowly Sinking.

BISMARCK, Dak., June 11.—A courier who arrived here last night from Standing Rock agency, states that Sitting Bull, who has been dangerously ill with pneumonia, is slowly sinking, and no hopes are entertained of his recovery.

Confessed the Murder.

BOSTON, June 11.—Thomas Fortur, one of the gang arrested for the murder last night of Charles F. Gibbs, confessed this morning that he was the one who fired the fatal shot, but claims it was in self-defense.

Iron Works Closed.

ASHLAND, Wis., June 11.—Yesterday the great Iron King mine, at Ironwood, shut down, the result, it is said, of a determination of stockholders at a meeting Saturday.

MANS INFIDELITY.

Mrs. H. L. Miner, of Sydney, Ohio, Deserted by Her Husband—A Babe in Arms and Penniless.

Last Sunday evening there arrived from Sydney, Ohio, a couple who registered at the Jewell house, 225 Calhoun street, as "Mr. and Mrs. H. L. Miner, Sydney, Ohio."

Mr. Miner came here ostensibly to secure work, but in reality, to leave his wife in the lurch. Yesterday afternoon, Miner went to his trunk and procured a pair of shears and other tools used by a merchant tailor, and after telling his wife that he was going to the establishment of Joseph M. Clark & Co., where work had been offered him, he hurriedly took his leave. Not returning in the evening, the woman instituted search and found to her sorrow that her husband had not been to the above named place, nor had he ever been seen or heard of Mr. DeHaven, who manages the business. The woman returned to her room a disconsolate being indeed. This morning a postal card was delivered at the Jewell house from the husband, saying: "I cannot live with you any longer. I leave town immediately."

THE SENTINEL was ushered into the presence of the woman this morning, at the Jewell house. She is a young looking and a striking brunette. She tenderly held a baby ten months old in her arms and was a pitiable object of man's infidelity to woman.

Mrs. Miner is utterly penniless. She claims her husband ran away from her once before. She has relatives at Wellsville, Mich., but admits that she is not welcome to their shelter, because her marriage was against their wishes. It is not known where Mr. Miner has gone.

DID HER BEST!

Mrs. Frances Webb, of Lima, Ohio, Leaves Her Husband and Comes to This City.

Last evening there accosted Officer Lee, a sallow faced man, small in stature, who immediately got down to business by asserting that his wife had left his bed and board at Lima, Ohio, and was now in this city. He gave his name as Mr. F. Webb. He claimed that he was a hard working man and that his wife's affections had been captured by Lorenzo Curren, a railroad brakeman on the Fort Wayne road, and his suspicions were that she had eloped with him.

Prosecutor Robinson's careful inquiry into the case elicited the information that Lorenzo Curren was a border at the house of the Webbs'. Diligent search failed to reveal his whereabouts. Mrs. Webb, it was learned by THE SENTINEL, had secured rooms from Mr. Charles Doudrick, over Steger's hardware store, on Calhoun street, where a reporter failed to get admittance to-day. To Prosecutor Robinson the woman stoutly denies the accusation that she eloped or intended to elope with Curren, but that she left her husband because he failed to provide for her properly. She intimated that she had been her own support for a long time back and would continue to be. It was learned that her maiden name was Florence Mercer and that she is a daughter of Constable Mercer, of Monroeville, who has been notified of the circumstances.

FIRST OFFICIAL ACT.

Squire Tancey Opens His New Record by Tying a Romantic Nuptial Knot.

Yesterday Mr. Michael Tancey received his commission as justice of the peace and to-day he assumed his duties for the first time. The squire's brusque manner upon ascending his throne was observed by two old persons, who approached timidly and announced to his honor that they wanted to be yoked in double harness by means of the laws of the country.

The squire looked down upon the old couple, whose hairs were streaked with gray, read the marriage service with dignity and pronounced Daniel Dingman and Elizabeth Horring man and wife. The groom felt frisky as a young man when he told THE SENTINEL he was in his sixty-ninth year, and the bride looked shy as a school girl when she admitted she was "goin' on fifty-eight years." May they have peace and joy to the last.

The fruit dealer and suspender peddler, Banda, skipped town last night and to-day Deputy Sheriff Black seized a consignment of strawberries, which were lying in the express office. Evidently Banda is wanted.

SEATTLE WILL RISE!

From the Ruins of the Fire—The Work of Rebuilding to be Pushed Rapidly.

PORTLAND, Ore., June 11.—About $9,700 were collected yesterday for the Seattle and Johnstown sufferers—$5,500 were subscribed for the former and $4,200 for the latter. The chairman of the relief committee here received a dispatch from Judge J. R. Lewis, who has charge of relief matters in Seattle, saying that much destitution prevailed. Thousands are being fed and lodged and hundreds must live in tents for months.

The work of rebuilding is being rapidly pushed. The board of trade held a meeting last night and resolved to raise from $30,000 to $50,000 to relieve the sufferers by the Seattle fire.

UNDER A PIN CUSHION.

A Lady is Struck by Lightning and Instantly Killed.

HOLLYOKE, Mass., June 11.—During yesterday's violent thunder storm Mrs. Anne Quirk, of Elmwood, fled in alarm to a neighbor's, where she stationed herself directly under a large pin cushion, which hung on the wall. In a few moments a flash of lightning struck the pin cushion and passed into the body of Mrs. Quirk, killing her instantly. The deceased was a widow and leaves a daughter.

PORTLAND, Me., June 11.—Yesterday, during a heavy thunder storm here, the electric lights at the police station and elsewhere were burned out by lightning. Mrs. Allen Hansen's two-story house, near Stroudwater, was struck and, together with a barn near by, was burned.

The Weather.

WASHINGTON, June 11—Indiana—Fair, warmer, southerly winds. Rising temperature and fair weather, may be expected during Wednesday and Thursday in the Ohio, the middle and lower Mississippi valley.

LOCAL LINES.

The executive committee of the R. R. Y. M. C. A. had a regular meeting last night.

Mr. Charles Bond, of the Old National bank, left to-day with his wife for Cincinnati on a visit.

The funeral of the nine-months-old daughter of August Lagraw, of Spy Run avenue, occurs to-morrow morning, at 9:00 o'clock, from the Cathedral.

Mr. Hague, of the national committee of the Y. M. C. A., was in the city to-day. He will return Saturday and conduct a union Sunday afternoon service.

Of the four boys arraigned before Squire Ryan for assault and battery on Master Charlie Worden, three were fined, Edward Bolling, Willie Green and Chas. Unger. Master Tom Mills was acquitted.

Mr. Joe Beegan returned to-day to Rock Run, Ala., where he has charge of the business of the Bass furnaces. Mr. Beegan's aged mother is lying dangerously ill in this city, and his wife is constantly at her bedside.

Mr. Robert T. DeWald, of the firm of George DeWald & Co., will, on a near day, lead to altar Miss Mollie Heubery a highly accomplished young lady, of Peoria, Ill. The bans were published at the Cathedral Sunday. THE SENTINEL extends its congratulations in advance, with hosts of others.

IT SEEMS not to be generally known that the Alexander Sullivan who is under a heavy cloud in the Cronin case is the brilliant lawyer, husband of Margaret F. Sullivan, the talented newspaper correspondent now in Paris for the Associated Press. The two came into public notice some years ago, when a school teacher was shot by Mr. Sullivan in front of the family residence for an insult to his wife, Margaret.

MANY of the Indianapolis barbers believe the law, under which they are now compelled to close their shops on Sunday, works a hardship on them, and they have agreed to give it a thorough test in the courts. With that end in view George L. KNOX, proprietor of the Bates house shop, Sunday opened his shop and began shaving the customers who were in waiting. He was arrested and the trial of his case will be made a test one. The barbers claim their work is one of necessity, and hence can be carried on Sunday.

She Discovers That They Sing Differently in City Choirs and Has Her Ambition Crushed.

One of the young ladies formerly of Mayaville, who moved to Fort Wayne, recently got badly snubbed. She went to the young folks' choir for the purpose of mingling with the upper ten, and assist in the practice of singing, which she did so effectually that all ceased to sing but the young hen-ton, who sang the second sharps alone, while the other members sat looking at each other. The young lady found out that they sang instead of screaming in the city. She would like to move back to Mayaville.—*Maysville Breeze.*

MONROEVILLE NEWS.

JUNE 10, 1889.

To the Editor of THE SENTINEL:

This place is greatly in need of a grist mill.

Marshal Rose is a daisy and his good work should be appreciated.

Albert Miller and John Friedline, of this city, are at Johnstown, Pa.

J. B. Munger is employed by the Maumee Valley Historical company.

THE SENTINEL is the most newsy sheet sent here. It reaches neatly every home.

Frank Wallers is managing a branch store of the C. L. Luce Co., at Fort Wayne.

Fort Stoner is still a resort for the "boys," and the place is assuming a serious aspect.

This place is assuming metropolitan airs since it has the use of a street sprinkler and street lamps.

Trustee S. F. Baker, of Monroe, and John McConnel, of Jackson township, were in Fort Wayne last Saturday.

The I. O. O. F. members have prepared a splendid program for their decoration day, which occurs next Friday.

The trustees of the Marquardt chapel purchased the old Second Presbyterian bell and not the Catholic, as intimated by the *Journal*.

The ladies of the Lutheran church of this place held a strawberry festival at Rollins' parlor last Saturday, but on account of the inclemency of the weather little was realized.

A strawberry and ice cream festival will be held at the residence of Jacob Marquardt, west of here, next Saturday evening. The proceed goes to defray the expenses of their new bell.

Deputy United States Marshal T. W. Blair was in town Thursday to investigate into the alleged postoffice No. 2. While here Marshal Blair was shamefully treated by certain parties, but he can make it hot for them.

A lawn festival will be held at the pleasant country home of H. W. Smith on the evening of the 11th inst. The proceeds go toward helping defray the expenses incurred in the construction of a beautiful brick church at Massillon.

Our gunning club is out on the commons about every other day practicing. They intend to do up the Payne boys at that place ere long. Wm. Clem is at present the crack shot, but his rival, Ex-Postmaster Finen is not far behind.

Niezer & Ridenour received at their elevator 124 barrels of flour and four tons of bran from the Decatur mills last Friday. They will exchange and carry on a business similar to that of a grist mill. A set of burrs for meal grinding will also be placed in the elevator.

At the regular meeting of the town board last Monday D. S. Redelsheimer was unanimously elected as a member of the school board, to succeed H. F. Hayes, whose term has expired. The council could not have done a wiser act than to select Mr. Redelsheimer, as he has a pride for our public schools.

The postoffice "tragedy" is about to end and will may the curtains drop. Stewart is proving himself a good officer and with few exceptions is giving satisfaction. The exceptions, of course, come from the friends of the other candidates, but things like this, you know, must follow a great "tragedy." C. C. Myers, the deputy under Mr. Finen, will be retained by Postmaster Stewart.

Some time ago a number of tax payers condemned our fire engine, claiming it to be worthless and that it would be a burden on tax payers, but it turns out that the taxes are lower than on former years and the engine has proved itself, during the burning of the grist mill, to be a "dandy," and just the thing that Monroeville should have had years ago. The engine is a good one and if properly handled will throw a good stream. Now that its work has proved beneficial, steps should be taken to organize a fire company. The town has two large fire cisterns and three more are in course of construction. With a few more cisterns and a good organized fire company Monroeville would be placed in fair protection against further conflagrations.

We have just completed a tour of inspection in the rural district and find the farmers in no happy mood. The crops down there are in a discouraging condition caused by the incessant and heavy rains. Clover, potatoes, and the wheat is in a fair condition with a prospect of a large crop, but the wheat will fall short of the usual yield on account of the small acreage sowed, caused by the draught last fall. The farmers north of here sowed much rye, but they are afraid that it has been somewhat injured by the late frost, as it was just then in bloom. The corn is small and of a jasmine color. The fruit crop, with the exception of the cherry, is a total failure. The meadows are light and pasturage is short, in consequence of which many are herding their stock along the public high ways.

Have you been to your druggist for a free sample package of Lane's Family Medicine, which is made as simply as tea? It is a harmless vegetable remedy for your blood, stomach, liver and kidneys, and an easy cure for constipation, discovered by Dr. Silas Lane while in the Rocky Mountains. Don't fail to call to-day at any druggist's for a free sample of this grand family medicine. Large size package 50c.

Imagination is that part of man which magnifies his own troubles and his neighbor's joys.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria,

Low Rates to California.

Beginning June 1, and continuing daily until further notice, the Wabash railway will sell circuit tourists tickets to San Francisco, Los Angeles, and San Diego, Cal., at the amazingly low rate of $100 for the round trip. These tickets will be good for first-class passage, and limited to six months from date of issue. Stop over allowed at pleasure west of the Missouri river. Further information furnished at the Wabash ticket office. 30-tf

Change of Route.

The Wabash railway is about to make a change east of Buffalo, in the operation of its through sleeping cars from St. Louis to New York. The through New York sleeper leaves St. Louis at 6:55 p. m., running over the Wabash road to Toledo, thence over the Michigan Central railroad via Detroit and Niagara Falls to Buffalo. From that point, on and after Sunday, May 12, inst., it will run via the New York Central and Hudson River railroad to the Grand Central station in New York city. The Boston sleeper will continue from Buffalo over the West Shore railroad and Hoosac Tunnel route to Boston, as heretofore. 14 tf

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know; How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

TUESDAY'S TALK!

As One Hears it Around the Railroad and Manufacturing Centers of the City.

The Grand Rapids pay car will be in the city Thursday.

The Pennsylvania railroad company carns $50,000,000 a year.

Two repaired engines were sent out of the Pittsburg shops this morning.

The Pittsburg shop excursion has been set down for Saturday, June 29.

Jack McClure, Wabash foreman of the round house at Andrews, was in the city last evening.

Engineer A. J. Yoe, of the Nickel Plate, will soon build a residence on West Main street.

Trainmaster Blair and Surgeon Dineen, of the Nickel Plate, went to Bellevue, Ohio, to-day.

C. R. Vine, a brakeman on the Nickel Plate, was injured Sunday last while making a coupling.

Fred Tilker, of the Pittsburg baggage rooms, says it is a pretty girl baby and is correspondingly happy.

The Trinity M. E. church took a pleasant excursion party of sixty people to Home City this morning.

Robert Hovey, of the Lake Shore road, is being congratulated on the advent of a sweet girl baby at his home.

Frank Tyrrell is acting master mechanic of the Wabash shops during the absence of W. S. Morris, who is at Cincinnati.

The national convention of the American train dispatchers will begin its three days' session at Indianapolis tomorrow.

Dr. Gamble, of Altoona, Pa., is in the city, inaugurating the western division of the Pennsylvania company's relief association.

All the shops of the Pennsylvania Railroad company west of Pittsburg commenced yesterday to work but eight hours a day.

J. K. Lyon, civil engineer on the Pittsburg road, has gone to Beaver Falls, Penn., to accept a similar position at that place.

The Pittsburg shops in this city are still working ten hours a day. At many other points the shops of the company are only running eight hours.

Dr. John H. Talbott, of Logansport, has been appointed one of the medical examiners of the Pennsylvania Company's Employes' Relief association.

The English locomotive Dreadnaught, which has been on trial for several weeks on the Pennsylvania railroad, has been pronounced a failure for American roads.

Hon. Anson Wolcott, of Wolcott, has sued the Pan Handle Railroad company for $30,000 damages on alleged failures to furnish cars for the shipment of the products of his large farm.

The family of James Hoyt, the veteran engineer on the Wabash, who was killed last week, has received from the Brotherhood of Locomotive Engineers and the Masonic order $5,500 insurance.

Tom Pritchard, of the Base works, is the owner of a valuable colt, which made its appearance at his stables last week. It was sired by Nil-dis-Randum and the dam is a celebrated Hambriao star.

The railroad and telegraph companies are pushing their repairs as rapidly as possible into Conemaugh Valley, and as one town after another is reached we learn more and more of the extent of the destruction.

So much cutting of rates is being done by competitors of the Pennsylvania lines through the use of mileage books that the Pennsylvania people have about decided to make a 2 cents a mile rate general all over their system and sell no 1,000 mile tickets.

It was announced yesterday by officials of the Wabash railway that the general offices of that company will be removed from Chicago to St. Louis on July 1. The yards and shops will remain in the town of Lake, where they have been since the road was organized.

A bicycle engine has been tested at Portland, Me., and experts who have seen it indorse the inventor's claim that it will revolutionize railroad travel. It is described as "simply a bicycle running on smooth steel and pushed by steam." From 560 to 600 revolutions or turns, equivalent to 150 miles per hour, are its piston speed and valve action. It is expected to take four cars, each seating eighty-eight passengers, 100 miles per hour, if necessary.

When the flood poured into Milton, Pa., a week ago last night, a Western Union operator, John Wolfinger, telegraphed Superintendent Gill: "The water is coming in the office; what shall I do?" "Get a gum coat and a pair of rubber boots and stay there," was the quick reply. Wolfinger obeyed orders and remained at his post till the flood subsided. That's the kind of a man Manager Perry would have been had he been in charge of that office when the flood came.

THEY WANT ASPHALT.

And the Chances are That They Will Get It.

The street committee of the city council had an important meeting last night to consider the advisibility of paving West Wayne street with asphalt. The meeting was attended by many of the property owners of the street and much interest was manifested. It looks very much as if the street committee will report to-night in favor of asphalt.

The following petition will be presented to the council to-night:

To the Honorable Mayor and Gentlemen of the Common Council, City of Fort Wayne:

GENTLEMEN—We, the undersigned, owners of property fronting on West Wayne street, respectfully petition your honorable body to set the curbing out on said street from 3 to 4 feet from its present location, and to pave said street with asphalt pavement.

You should read THE CHICAGO DAILY NEWS because every *Daily News Want Ad* will not disappoint your needs. It takes into its purpose the farmer and mechanic, as well as the merchant and professional man. Every farmer can now have daily market reports instead of weekly, and at little more than the old-time price of a weekly. The mechanic can now afford both price and the time for his daily paper. The poor man now has as well informed an current affairs as the rich. Intelligence is what we want in politics. THE CHICAGO DAILY NEWS—independent, non-partisan, fair to all—is everybody's paper.

Remember—Its circulation is over a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*over one million a day.*

Mr. J. D. Bond now offers for sale the block of eighteen lots in Hamilton's fourth addition, located on South Calhoun street, one block south of the Creighton avenue car line. Eight of these lots front on Calhoun street, five on Taber street, and five on Suttenfield street. Sixteen of them are 40x150 feet and two are 37x150 feet.

Upon these lots he offers to build any one of four designs of handsome cottages, that will contain six, seven and eight rooms; two of them have mantle and grate; all will be piped for gas, natural gas, water, perfect system of sewerage, and water closets, and bath-rooms, if desired.

Sidewalks will be built in front of houses and through each yard, and the lots will all be graded, and shade trees planted on the front and rear of the lots, making the entire block a beautiful park.

These places will all be completed in the most perfect manner, including a garden house for tools and utensils and will be ready for occupancy within six months from the time they are sold, many of them before that time.

They will cost, all complete, from $2,750 to $3,550, according to the location of lot selected, and can be paid for by small cash payment down, and the balance in monthly payments of from $25 to $30 per month. A purchaser can pay as much cash as he wishes, and reduce the amount of monthly payments in proportion.

Why pay $15, $20 and $25 a month rent all your life from which you get no return, when with a small additional monthly payment you can in a few years own the property that will have been paid for almost entirely by the rent.

Plans and specifications of the buildings and plat of the lots are now ready and can be seen any day or evening at the office of S. C. Lumbard, No. 3 Avolino house.
